

HAVE YOU HEARD ABOUT THE AIRPORT EXPANSION PROJECT?

WHY BE CONCERNED?

- **Your taxpayer dollars** would fund and support a commercial airport
- **Quality of life** would greatly diminish for Paulding County residents
- **The devastating effects** to wildlife, hunting & the local Eco-System

The Paulding Board of Commissioners and our County Airport Authority would have you believe it's already a "done deal" when **IT IS NOT!**

LET YOUR VOICE BE HEARD!

Follow our **Facebook page** for the latest information, where you will find a petition to sign, the email addresses to contact your local, state & federal representatives, and the latest media links regarding the efforts to commercialize "our" publicly owned, taxpayer supported county airport.

Stop Paulding County Airport Expansion
